CHOOSE WISELY

by
John W.
Nichols

The Bible tells us about real people making choices. How many of names of people who made choices in the Bible can you find in the puzzle? Look

up and down, forward and backward, and diagonally. Do you remember the choices each one made? (The Bible includes many choices made by some of the people.) Once you've found the names, write the remaining letters in the blank spaces in order. Start at the top left of the puzzle and work your way down row by row, just like reading a book. You will discover good advice on making choices from Job 34:4. ■
